

FAMILY ART NIGHT PROGRAM

Family Art Nights are structured evenings at local public schools for students and their parents. We contract with professional artists to provide a variety of hands-on art activities for families to do together. The program emphasizes fun and creativity, as well as producing art objects that families can take home with them.

The United Arts Council has been delivering Family Art Nights to schools in Immokalee and across Collier County since 2004. They have proven to be tremendously successful, with positive feedback from school administrators and parents. The arts are a well-known vehicle for improving self esteem and strengthening family interaction, and this has certainly been our experience with these events.

“Art-Stops” have included: sand painting, monotypes, ceramics, mask making, cartoon drawing, mural painting, jewelry making, beading, and much more. Over the seven years we have contracted with 20 professional local artists to provide the art projects.

Participating schools have included:

Fun Time Early Learning Academy
Boys & Girls Club of Collier County
PACE Center for Girls
Immokalee Community School at RCMA
Lake Trafford Elementary
Highlands Elementary
Pinecrest Elementary
Village Oaks Elementary
