YOUR CONNECTION TO THE ARTS

WE'RE AT THE HEART OF THE ARTS

Connecting our community through the arts is what we do. The United Arts Council serves as the umbrella agency for more than 60 arts organizations throughout the county, and our members include art lovers, professional artists, galleries, and non-profit cultural organizations.

We provide a wide range of services to our community, from working with the public schools on after-school arts education to arts outreach programs in disadvantaged areas. We also work closely with business and government leaders to ensure the arts remain an important part of community life.

OUR MISSION:

Enriching lives and strengthening the community through the power of the arts

OUR VISION:

To be the most recognized source for arts services and cultural information, and to be the premier provider of arts education for at-risk students

How We Help Our Local Arts Organizations.

United Arts Council connects arts organizations, artists, galleries and arts educators with one another, with local audiences, and with tourism-related businesses. We offer educational and informational programs for member artists, arts teachers, galleries and arts organizations, and coordinate exhibit opportunities for emerging artists.

UAC distributes several arts-related publications: a Calendar of Events brochure, Gallery Guide brochure, Cultural Map brochure, and a Festival Guide. We provide publicity for the arts through a variety of media outlets including social media.

Our website provides the most comprehensive arts calendar available in the area, along with complete information about arts organizations, galleries, artists and entertainers.

We present the annual *Stars in the Arts* program that provides recognition to leaders in our arts community, and coordinate the annual *Celebrate the Arts Month*, with 100+ activities through-out the community.

Our community activism efforts include Cultural Tourism to showcase the local arts scene to potential visitors, economic development efforts to ensure that the arts are included in new initiatives, and advocacy with local governmental agencies on behalf of the arts community.
